

The CSL Group

CSL was founded in the UK in 1996 and today, the CSL Group are market leaders in providing secure connectivity solutions to the Fire, Security and Telecare Sectors globally.

Our solutions, platform and partnerships with Mobile Network Operators worldwide allow us to provide complete end-to-end connectivity services for Security, Fire, Telecare and other mission critical M2M/IoT applications. Whether it's SIM only, satellite, DSL, or multi-path we will deliver the best combination for your connectivity requirements.

Today we are the trusted choice to provide connectivity for over half a million M2M/IoT devices throughout the world. Our platform handles over 4 billion events each month and securely collates data ready to push to our portals which provide real-time visibility on the status of a connected device. This is all backed-up by our 24/7 managed support services to ensure maximum availability, reliability and customer service.
