# CSL Connected

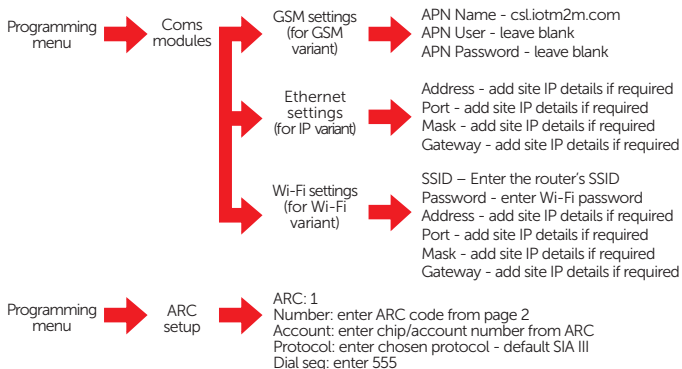

**IMPORTANT** – PLEASE ENSURE THAT YOU ARE PURCHASING THE ORISEC CM2 COMMUNICATION MODULE (IP/GSM/WI-FI) WHICH IS COMPATIBLE WITH THE FOLLOWING ORISEC CONTROL PANELS - W-CP-40, CP/CK/CT-20.

## ARC CONNECTION

CSL Connected allows you to connect your Orisec control panel (W-CP-40, CP/CK/CT-20 only) to your chosen ARC through the Orisec Cloud. Communication can be made in SIA II, SIA III, Contact ID or Fast Format, using the applicable communication device (CM2-GSM, CM2-IP or CM2-Wi-Fi – including all variations i.e. CM2-GSM-IP).

## PANEL PROGRAMMING

Within the Installer Menu please follow these instructions:

ARC	CODE	ARC	CODE	ARC	CODE

#### ACCESS THE APP

CSL Connected is fully compatible with all Orisec applications (PC, Phone & Tablet).

For additional information on all Orisec control panels, downloads or support please visit:

[www.orisec.co.uk/installer](http://www.orisec.co.uk/installer)

#### TROUBLESHOOTING

**Q. My ARC does not appear in the list provided?**

A. It may be that your chosen ARC is not one of the many ARCs that have signed up for this solution. Please contact CSL Technical Support.

**Q. What grade is the product?**

A. Single path units are sold as EN50136-1:2018 SP2.

**Q. How do I know that my signals are being sent to CSL's Gemini Platform?**

A. Once you have your system on test with the ARC, enter the programming menu, select test & diagnostics and then do test calls. Whilst in this menu push enter on any test signal and ensure that 2 ticks are shown on the panel. This indicates that the test alarm has been sent to Gemini. You should always check with the ARC that they have received signals at their end too.

**Q. Am I able to send signals in a different format to the one which was ordered?**

A. Yes this is possible and can be selected in the panel. Please check with your ARC before making any changes to make sure that they will accept the new format.

**Q. What set up do I need to do on the Orisec Cloud?**

A. There is no set up required on the Orisec Cloud.

# INSTALLING CONFIDENCE

At CSL we give you the right tools for maximum support and minimum hassle.

It's service that's built around you.
